HVAC coil & pan sanitising cleaner concentrate

Air-clear

One shot

CONCENTRATED

NON HAZARDOUS

80:1

Makes 8 litres

Isolate the unit before cleaning.

Spray Air-clear into the coil & around the pan.

Wash around the coil & pan removing all debris.

Prevent debris from entering the drains.

Spray again around coil & pan.

Allow to dry naturally.

Air-clear breaks down the biofilms that allow bacteria to survive. Biofilms that develop in HVAC units reduce coil efficiency, increase metal corrosion, and secrete drain blocking slimes. Cleaning with Air-clear will deliver a long lasting coating on the coil and pan to prevent and control biofilms.

Effective to BS EN1276 & EN1650 standards.

NSF Registered for food preparation areas.

Nonfood Compounds
D2

Air-clear concentrate is a non-hazardous concentrate requiring no COSHH / REACH controls for transport or storage.

Non-corrosive, safe on all metals, aluminium, and copper. Safe on all surfaces.

INGREDIENTS;

Aqua, Urea, Benzalkonium chloride, Active ingredients <1% by volume.

CAUTION; Keep out of reach of children. Do not swallow. Avoid eye contact. In case of contact with eyes, rinse with water, if swallowed, wash mouth out with water and seek medical advice if symptoms arise or persist.
