Ice Machine Sanitising Cleaner Concentrate

Ice-clean is a concentrated disinfectant, sanitiser and deodoriser, specifically designed for ice machines in bars, restaurants, and food retail. Ice-clean reduces the danger of transmission of many infectious organisms and cross contamination from environmental surfaces. The solution improves system efficacy and keeps ice hygienic. The solution is odourless and food safe.

Add Ice-clean to the unit reservoir diluted 10:1

Follow manufacturers guidelines for cleaning cycle

Rinse with clean water before making ice

Effective against bacteria, mould, fungi & viruses, including Human Coronavirus, Hepatitis B, Hepatitis A, E-Coli, Salmonella, Herpes, Avian flu, H3N2 flu (Hong Kong), Listeria, MRSA, HIV-1 & HIV-2.
Long lasting antibacterial protection remaining effective long after cleaning.

Non-corrosive, safe on all metals, aluminium and copper. Safe on all surfaces

Ice-clean sanitises ice machine to the highest standards, breaking down the biofilms that allow bacteria to survive. Biofilms that develop in ice machines can contaminate the ice, and reduce efficiency. Cleaning with Ice-clean will deliver a long lasting antibacterial coating to prevent and control biofilms.

CONCENTRATED

10:1

Makes 2.5 litres

Effective to BS EN1276 & EN1650 standards. NSF Registered for food preparation areas.

Nonfood compounds
D2

Name	Ice-clean concentrate
Product Code	ICC250
Colour	Clear
Soils	Dust, Airbourne pollutants, bacteria, mould, slime & biofilms

INGREDIENTS; Aqua, Urea, Benzalkonium chloride, Active ingredients <1% by volume.

CAUTION; Keep out of reach of children. Do not swallow. Avoid eye contact. In case of contact with eyes, rinse with water, if swallowed, wash mouth out with water and seek medical advice if symptoms arise or persist. Use biocides safely. Always read the label and product information before use.

STORAGE; Store upright at room temperature. Do not allow to freeze.
