CONCENTRATED

80:1

Makes 20 litres

Air-clear breaks down the biofilms that allow bacteria to survive. Biofilms that develop in HVACR units reduce coil efficiency, increase metal corrosion, and secrete drain blocking slimes. Cleaning with Air-clear will deliver a long lasting coating on the coil and pan to prevent and control biofilms.

Effective to BS EN1276 & EN1650 standards.
NSF Registered for food preparation areas.

Nonfood compounds
D2

Non-corrosive, safe on all metals, aluminium, and copper. Safe on all surfaces.

INGREDIENTS; Aqua, Urea, Benzalkonium chloride, Active ingredients <1% by volume.

CAUTION; Keep out of reach of children. Do not swallow. Avoid eye contact. In case of contact with eyes, rinse with water, if swallowed, wash mouth out with water and seek medical advice if symptoms arise or persist. Use biocides safely. Always read the label and product information before use.

STORAGE; Store upright at room temperature. Do not allow to freeze.

Name	Air-clear concentrate
Product Code	ACC250
Weight	265 grams
Colour	Light blue
Soils	Dust, Airbourne pollutants, bacteria, mould, slime & biofilms
