Technical Data Sheet CE30

SPECIAL FEATURES

- 6 months protection
- Improves IAQ
- Prevents & controls biofilms
- Kills both Airborne, and waterborne bacteria
- Prevents odour - Long lasting pleasant fresh fragrance
- Pump safe
- Biodegradable

Gel-clear tablets dissolve in the condensate waste water, coating the drains in an antimicrobial protective layer preventing Biofilm formation along the whole dispersive route in any drainage system

Name	EVAP-TAB
Product Code	CE30
Packing Qty	Single Blister / 20 pk bag
Appearance	Green round tablet

DIRECTIONS FOR USE

For professional use only.
Place the Gel-clear EVAP-TAB in the condensate drain tray away from the drain opening. When the drain tray begins to collect condensate water, the strip will begin to slowly dissolve and provide treatment.

USE

Gel-clear EVAP-TABS use environmentally friendly Tea Tree Oil to prevent biofilms, odours and blocked condensate drains. The tablets can be used with every type of heated condensate evaporator tray, and will not cause damage to copper or aluminium.

Gel-clear Green does not contain any harsh chemicals or biocides, making them safer for the user and the environment. Nature's biocide, Tea Tree Oil, kills both airborne, and waterborne bacteria in the unit, improving air quality, and efficiency. Safe to use with all types of condensate pumps, Gel-clear Green strips are 100% water soluble, and biodegradable. Evaporator tray manufacturers cleaning and maintenance guides must be followed, the tray must be cleaned and rinsed annually. EVAP-TABS are the ideal choice for evaporative coolers (Swamp coolers)

DANGER

This product does not contain substances subject to authorisation (Regulation (EC) No. 1907/2006 (REACH), Annex XIV).
This product does not contain substances subject to restriction (Regulation (EC) No. 1907/2006 (REACH), Annex XVII) chlorides

H302 - Harmful if swallowed
H312 - Harmful in contact with skin
H314 - Causes severe skin burns and eye damage
Precautionary Statements - EU (S28, 1272/2008)
P280 -Wear protective gloves/protective clothing/eye protection/face protection
P321 - Specific treatment (see supplemental first aid instructions on this label) P260 - Do not breathe dust/fume/gas/mist/vapors/spray.

P303 + P361 + P353 - IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/ shower
P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, present and easy to do. Continue rinsing P501 - Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation
